

Our Team

Explore Moldova was founded by a dynamic, multi-cultural management team, led by Leonid Rosca and David Jesse.

Our facilitators have received training or certification in coaching, leadership development, international management and Outward Bound methods, among others.

In addition, most of the staff have received First Aid training and come to each event prepared for almost any contingency.

* Depending on group size, typical day trips cost 10-30 euro per person. This includes round-trip transportation from Chisinau and 1-2 English speaking guides.

Equipment rental (such as bicycles or kayaks) is additional.
